

Job Description

UK Care Team is a successful family run business. Due to expansion we are looking to hire more care staff to allow us to support people in their own homes. We are looking for people who can provide vulnerable adults with the support they need to continue to live within their own homes.

Duties will include:

Personal care

Domestic support

Social inclusion support

Meal preparation

Support with medication

Experience is not necessary as we provide full training which will include in field training with our experienced care staff and mentors.

We are looking for people who can drive and have access to their own vehicle but will happily accept non-driver's too.

We can offer flexible hours to work around your personal circumstances and offer you as much support as possible.

We are looking for full time, part time, evenings and weekend care staff.

Areas we are ideally looking to recruit are LE2, LE3, LE4 and LE5.

If you have a DBS certificate dated within 3 months we can use this. If you are on the update system we will require the code. However, if you have neither of these we shall be required to apply for a DBS on your behalf.

Job Types: Full-time, Part-time

Salary: £9.00 to £9.50 /hour
