Help keep Leicestershire safe and well during COVID-19

Are you a Leicestershire-based employer, or an employer with staff based in Leicestershire? Have you placed staff on furlough as part of the government's job retention scheme?

We want to hear from you!

We are working with social care providers across Leicestershire to recruit **temporary** care professionals to fill the workforce gaps caused by coronavirus. Our aim is to ensure that the most vulnerable people in our communities receive the care they need to stay safe and out of hospital during the coronavirus pandemic.

We are asking employers who have furloughed staff to get in contact to discuss ways that we can promote **temporary** care job opportunities to your employees. By getting involved, you will be making a huge difference in Leicestershire. You will also be giving your staff the chance to develop their communication, organisation, and independent working skills (along with many others), and to earn some extra money during this challenging time.

Please email us at inspiredtocare@leics.gov.uk with your telephone number so a member of the team can get in touch to answer your questions and arrange a suitable time to communicate our opportunities to your employees. We look forward to hearing from you!
